DETAILED ACTION

Allowable Subject Matter

1. Claims 1-17 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The prior art and the prior art of record, specifically Stephens does not teach or suggests all the limitations of the claim including: a communicator adapted to receive from a computer system a set of page descriptions corresponding to the pages of the interactive publication, each page description including content information; a printer adapted to print, onto media sheets, each of the page descriptions received by the communicator by simultaneously printing the content information in visible ink and coded data corresponding to the content information in substantially invisible ink; and a binder adapted to bind the printed media sheets together to form the printed, bound, interactive publication.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Other Prior Art Cited

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Stephens (US patent 6,644,764) discloses printing text and nonvisible data at two separate times using two separate equipment.

Fukushima (US patent application publication 2003/0025929) discloses printer and method of printing.

Iida Tamotsu (Japanese patent number 07-192385) discloses enhancing secrecy and to prevent the duplication and scattering of information.
